NEWSLETTER March 2021

President's Report

It was fantastic watching our on court activity click into gear for 2021 with pre-season grading sessions over the last few weeks.

Hours of careful preparation by head grader Fiona Fowler and an amazing team of graders ensure no stone is left unturned to give every player the best opportunity to be placed in the most appropriate team. It is an impossible and thankless task, but on behalf of the whole club... Thank you!

To all umpires and other helpers, thank you so much too. Your time and effort is vital in enabling a smooth, meaningful process.

The way all players applied themselves through grading with good natured but fierce effort was an absolute pleasure to view. It gives us great confidence that 2021 will see Tingara represented as wonderfully as ever. We can't wait for games to start!

As many of you know, the Tingara management committee have been working long and hard to try and improve our training facilities. We have had some very positive news recently. Kim Giddens, Labor candidate for Bateman, met with us at Brentwood Primary School and the McGowan government have made an election commitment to put \$100,000 toward upgrading the netball courts at Brentwood Primary School. It is fantastic news, and we look forward to it coming to fruition as soon as possible.

In addition, the City of Melville have advised us that they have budgeted to build 2 floodlit netball courts at Karoonda oval within the next 2 years. These courts will likely form part of our plans for Tingara training.

We will keep you posted about these exciting developments for our future.

Go Tinnies!

David Vyse,

President, Tingara Netball Club
